PROFILE

BCA student (graduating 2027) with hands-on full-stack experience. Built and deployed an e-commerce platform with eSewa payment integration (PHP, MySQL, JavaScript) and a personal analytics API with a live dashboard (Node.js). Working knowledge of REST APIs, SQL databases, Git and deployment. Seeking a junior web or backend developer internship.

SKILLS

Languages	JavaScript, PHP, Python, SQL
Web & Backend	HTML/CSS, Node.js, REST APIs, session-based authentication
Database	MySQL, PostgreSQL
Tools & Deployment	Git/GitHub, Railway, shared PHP hosting
Languages (spoken)	English (Fluent), Nepali (Fluent), Hindi (Beginner)

PROJECT EXPERIENCE

Baiku: Motorcycle Riding Gear E-commerce Website ***PHP, MySQL, JavaScript, HTML/CSS***
Live Site · GitHub

- Built a full-stack online store with a product catalog, category filters, shopping cart, checkout and customer accounts; deployed live on shared PHP hosting.
- Implemented secure login with PHP sessions and hashed passwords, and a cart that syncs between guest (browser) and signed-in (database) users with stock limits.
- Integrated eSewa ePay V2 (sandbox) with server-side pricing, signature checks and server-to-server verification before orders are marked paid.
- Built a role-protected admin dashboard for managing products, orders and customers.

Personal API & Live Dashboard ***Node.js, Express, PostgreSQL***
Live Site · GitHub

- Built a REST API and dashboard that track daily GitHub commits, sleep and screen time, with a daily productivity score and today / 7-day / 30-day views.
- Automated hourly GitHub sync (node-cron, GitHub REST API) into PostgreSQL, with duplicate protection on commit hashes.
- Protected write endpoints with admin-token auth and deployed live on Railway.

EDUCATION

Thames International College ***Sept 2023 - Jul 2027 (Expected)***
Bachelor of Computer Application (BCA), Tribhuvan University

Little Angel's College ***Sept 2021 - Jul 2023***
+2 NEB
